Living and Dining

With design inspiration taken from early 20th century industrial furniture, this collection features sand casted turnbuckle components and exposed bolts which give the range its industrial character. Gently distressed corners, edges and rough saw marks combined with a six step antique glaze, ultimately give this collection a beautifully aged and worn look.

Living and Dining

Handcrafted from recycled pine and spruce timbers, this collection celebrates the appealing imperfections of a previously used material. A rich chestnut color enhances the patina of use inherent in recycled timber. The collection has the hallmarks of classic handmade furniture, crafted with tongue and groove panels and dovetail drawers. Finally, the range is hand brushed with an antique glaze to give extra depth and warmth to the finish.
